My Heart is with Israel Song für die Befreiung der Hamas-Geiseln

Von Christian Bolte

Give us hope
And bring them home.
The hostages got a right to live
So let them free and give them back to their families.

We are strong
And we demand
The hostages got a right to live.
So let them free and give them back to their families.

My heart is with Israel
In times of crisis we must stand together.
No peace can be ever had without human equality
And justice for all. And justice for all.

Liberty,
Humanity.
The hostages got a right to live.
So let them free and give them back to their families.

My heart is with Israel
In times of crisis we must stand together.
No peace can be ever had without human equality
And justice for all. And justice for all.
